

Tools & Supply List

Ready to get your punching & binding mojo in gear? In this course you will create four very different projects that – once you complete them – you can make again and again with different themes and supplies to suit your mood and creative energy! This course shows you basic crafty techniques with your BIA, however, you will be given the creative license to use papers and embellishments in your supplies to suit your creative mood.

Specific items are needed to create some of the projects and are available at www.binditall.com. Many projects can be made from supplies readily available in craft stores or improvised.

Tools & Supplies Used:

- Zutter Innovative Bind-it-All V2.0 or the Original Blue Bind-it-All
- Zutter Distrezz-it-All or other sanding/distressing tools
- Zutter Dreamkuts (Optional)
- Scor-it-All Board – Large #HG 1201 or Mini #HG 901
- Basic scrapbooking tools and supplies, such as: paper trimmer, scissors, craft knife, liquid adhesive, permanent tape runner, ink, paint or chalk to match your paper choices

From your stash:

- Scrap corrugated cardboard pieces
- Selection of cardstock, patterned papers of your choice (*double-sided patterned paper is generally recommended for versatility in creating most projects*)
- Ribbons, embellishments, to coordinate with the paper themes you choose for your projects (more specifics on quantities will be provided prior to each week's lesson.)

Tools & Supplies Available from Zutter:

The supplies in the “4-in-4” Class Bundle are needed to complete the projects for this course. Optional tools and additional supplies are made available at a discount for registered students.

Go to <http://www.binditall.com/BIA4in4.html> to see the supply bundle and other recommended items.

Tools & Supply List (continued)

Tools & Supplies Available from Zutter:
