

This is a list of the supplies you will need for this class. I've given you my product/brand suggestions but sometimes you can use other product that is similar. If you don't have one of the tools that will be used in the class, I will be providing alternate options if applicable. Items that I feel are **"MUST HAVE"** will have *** in front of them. If you have any questions about using alternate tools or product you can e-mail me. ☺
